couldn't be easier...*

- Will Call, Delivery & Pick Up
- Extensive Inventory
- Technical Support

*Visit our nearest location  
for details!*

**Rent the BRANDS YOU TRUST...**  
*by the DAY, WEEK, or MONTH!*

## ENGINE DRIVES

Engine drives are available in gas, diesel or LPG models. Commercial and industrial engine driven welders provide stick, TIG and wire welding in even the most extreme environments. Combine DC welding with AC generator power for lights, grinders and other tools. Machines with undercarriages are available upon request.

## Rent to OWN

*Ask about our  
RENT-TO-OWN PROGRAM*

- Get NEW Equipment
- Factory Warranty, and
- Low Monthly Payments!

### *Need a compliant solution for Spill Containment?*

We are helping our customers conform to EPA standards for environmental protection. Our portable Spill Containment System travels easily with the equipment and collects all of the oil and fuel in each machine if there were a catastrophic break down (such as oil pan rupture and water hose break). In that event the renter can easily and properly dispose of the fluids from a plug on the lower side of the cart. Our system was designed with all fluids in mind and is compliant with EPA's SPCC Guidance.

*Just ask when you place your rental order!*
